Animal Husbandry Department,
Government of Andhra Pradesh,
Vijayawada.

Subject: Request for Vaccination Calendar, Free Services, Rescue NGO Details, and Volunteer Information

Dear Sir,

I hope this letter finds you well. I am writing to follow up on my previous communication regarding the details of government veterinary hospitals and recognized animal rescue centers in Andhra Pradesh. I would like to extend my request to include some additional information that would help us further our mission of supporting animal welfare through our platform.

We are working to create a comprehensive resource on our website to benefit the public and various stakeholders in animal welfare. To this end, I kindly request your assistance in providing the following information:

1. **Vaccination Calendar for All Species:**
We would appreciate receiving the latest vaccination schedule for all species, including cattle, buffaloes, sheep, goats, poultry, and pets (dogs, cats, etc.), as outlined by the Department of Animal Husbandry for Andhra Pradesh.
2. **Free Services / Free Artificial Insemination (AI):**
We are interested in obtaining information on any free veterinary services, including artificial insemination (AI) programs available to farmers and animal keepers across the state.
3. **Rescue NGOs Address and Contact Information:**
Kindly provide the contact details and addresses of recognized animal rescue NGOs operating in Andhra Pradesh. This will help us include them on our website to connect the public with trusted rescue organizations.
4. **Mandal-wise List of Volunteer Doctors and Paravets:**
We would also like to compile a list of willing veterinary doctors and paravets at the Mandal level who are offering their services voluntarily for animal welfare. This will be a valuable resource for the public and those in need of veterinary assistance.
5. **MAVC Zone-wise Heads Contacts:**
Please provide the contact details of the heads of the MAVC zones across the state. These contacts are essential for coordinating efforts related to veterinary care, especially in cases of animal health emergencies.

We are committed to furthering animal welfare and providing accessible information to the public, and these additional details will be invaluable in achieving this goal.

I truly appreciate your time and attention to this matter, and I look forward to your support. Should there be any formalities or additional steps needed to facilitate this request, please do not hesitate to inform me.

Thank you for your continued cooperation.

Yours sincerely,

T.Vamsi
